

PHEV2007
Conference

WHERE THE GRID MEETS THE ROAD

Winnipeg, Manitoba  November 1 & 2, 2007

Call-out for Student Posters

What is PHEV2007?

PHEV2007 is a conference happening here in Winnipeg that will focus on the opportunities and challenges that **Plug-in Hybrid Electrical Vehicles (PHEVs)** present for sustainable transportation.

The PHEV2007 Showcase and Forum will allow conference attendees, media, high school students, and the general public to visit booths and displays, see demo vehicles, listen to guest speakers, test-drive a PHEV, and browse student posters. The Showcase and Forum will take place in the Winnipeg Convention Centre.

How can I get involved?

Good question! The Showcase and Forum will have a student poster display, with a focus on **renewable energy and sustainable transportation**. This is an awesome opportunity to share your ideas and research with other students, professors, industrial and government representatives, and the people of Manitoba! Prizes will be awarded for the top posters!

Send your submission to:

Jeremy Langner

Dept. of Mechanical and Manufacturing Engineering
University of Manitoba
jeremy_langner@umanitoba.ca

Submit only name(s) of author(s) and title of poster. Abstract is not required.

DEADLINE FOR SUBMISSIONS: OCTOBER 1, 2007
